THE FIVE-STAR CHOICE

Five-Star, Medicare-rated service distinguishes Linda Mar Rehabilitation from other facilities.

Why should you settle for anything less than the service standards and quality we provide?

• High medical integrity built and sustained by exceptional nursing staff
• A renown rehabilitation program
• Higher nurse-to-patient ratio than required by the state of California
• Highest standards in preventative measures
• Latest technology utilized to achieve your personal best outcome

“Linda Mar and their caring staff did a wonderful job with my grandfather after he suffered a stroke and needed rehab, and eventually comfort care. I found that the staff was caring and knowledgeable. Not only did they care for my grandfather but also welcomed and genuinely were concerned about my grandmother (married 65 years) as she visited daily. When I say staff it is everyone from the dietary staff, who offered specialized meals to meet his needs (also often fed my grandmother), to housekeepers who greeted them and offered chairs when needed, to the rehab department, and the entire nursing team who made sure he was as comfortable as possible as the end neared. Linda Mar could not have done a better job throughout.”

“I recently completed a 2 month stay here at Linda Mar Rehabilitation. I would recommend this facility to anyone who requires rehabilitation from an injury or sickness. The staff here is competent and friendly and the facility is very clean. While here at Linda Mar they took great care of me and I will miss everyone very much as I am going home soon. I would like to thank you all for everything you have done for me.”

“I have gotten to know the staff and patients and it is such a friendly, welcoming nursing home and rehabilitation center. They recently got a new Director of Rehabilitation and she is amazing, and there is also a Physiatrist on staff who heads up the whole rehabilitation department. The food is good too. The chef is very dedicated to keeping the menu full of variety, healthy, and fun. The chef and the Director of Activities work together to give Linda Mar an almost recreational camp like quality. There are always activities or something outdoors to participate in.

I highly recommend Linda Mar for any rehabilitation need. They specialize in physical therapy, speech therapy, occupational therapy, stroke rehabilitation, and wound treatment.”
