

Eldercare Services, the proven leader in Geriatric Care Management and Caregiving, has an exceptional career opportunity for a Geriatric Care Manager, Geriatric Social Worker or an RN with a focus on Geriatrics.

The **Geriatric Care Manager** is responsible for directing the care and well-being of our clients who are typically over the age of eighty and have variety of daily challenges in their lives including frailty, dementia and other health related issues. In this role, care management goes well beyond the specific medical issues including all aspects of the person's life such as social involvement, family issues, etc. The Care Manager provides oversight for all homecare staffing and will collaborate with other Care Managers and Care Supervisors in identifying, evaluating and resolving a variety of care issues. This is a part-time 30 hour per week, non-exempt, fully benefited position and has potential to become a full-time 40 hour a week exempt position (this position includes on-call coverage).

The mission of Eldercare Services is to increase the quality of life of every person we serve. Our entire team is made up of dedicated, compassionate professionals with a passion to help others. Eldercare Services understands there is no better feeling than serving your clients, your team, and your colleagues. It is a feeling we promote every day, because we live it every day - just like you. We know that building a rich, satisfying work environment for our employees is key to our success!

Eldercare Services has been serving the Bay area since 1989 and has become recognized both locally and nationally for leadership in the field of geriatric care.

#### **Education and Experience:**

- Master's degree in Social Work, Psychology, Nursing, or related field. Preference to those licensed in their field (PhD, MFT, LCSW, RN, MSW)
- 5+ years direct care and/or care management experience within the past 10 years, including some experience in the geriatric field
- Experience supervising direct caregivers a plus
- An equivalent combination of education and experience will be considered
- Demonstrated clinical knowledge of aging, dementia, and/or disabilities
- Experience working with complicated family systems and family dynamics Essential

#### **Key Responsibilities:**

- Comprehensive Assessment of client needs
- Develop and Implement pro-active Care Plans (and caregiving instructions)
- Oversee Personal Attendants (Caregivers) in the execution of caregiving instructions and through regular reporting
- Work within existing family systems to ensure client's needs are met and families have the tools needed to communicate and work towards realistic goals
