UCSF Benioff Children’s Hospital Oakland is excited to announce full-time Medical Social Work Fellowship Program positions for two post-graduates with Master of Social Work degrees.

While in training, MSW Fellows are integral members of the multidisciplinary outpatient medical team, providing comprehensive family-focused services to children, adolescents, and young adults diagnosed with medical conditions both acute and chronic.

MSW Fellows will:
- Receive 12 months of advanced clinical training in specialized outpatient pediatric medical clinics within the Department of Endocrinology, Neurology, Nephrology, and Teen Clinics
- Have opportunities to gain expertise in psychosocial assessments, crisis intervention, grief counseling, and short-term therapy
- Gain thorough knowledge of the resources available to eliminate the barriers to exceptional medical care
- Receive comprehensive training that includes weekly two-hour clinical supervision by an experienced senior medical social worker, a Licensed Clinical Social Worker (LCSW)
- Have the opportunity to participate in training seminars. The hours of work MSW Fellows accrue can be applied to the experience requirements to pursue licensure as an LCSW, as established by the California Board of Behavioral Science Examiners.

The MSW Fellowship Program starts in November 2017 to December 2018. The MSW Fellows earn $16.83 per hour, full benefits, and paid time off.

EOE/Minorities/Females/Veteran/Disability.

About UCSF Benioff Children’s Hospital Oakland
UCSF Benioff Children’s Hospital Oakland (formerly Children’s Hospital & Research Center Oakland) is a premier, not-for-profit medical center for children in Northern California, and is the only hospital in the East Bay 100% devoted to pediatrics. UCSF Benioff Oakland affiliated with UCSF Benioff Children’s Hospital San Francisco on January 1, 2014. UCSF Benioff Oakland is a national leader in many pediatric specialties including hematology/oncology, neonatology, cardiology, orthopedics, sports medicine, and neurosurgery. The hospital is one of only two solely designated California Level I pediatric trauma centers in the region, and has one of largest pediatric intensive care units in Northern California. UCSF Benioff Oakland has 190 licensed beds, over 500 physicians in 43 specialties, more than 2,600 employees, and a consolidated annual operating budget of more than $500 million. UCSF Benioff Oakland is also a leading teaching hospital with an outstanding pediatric residency program and a number of unique pediatric subspecialty fellowship programs.
